## Welcome to Grey Street!

Dear Parents and Caregivers,

Thank you for your interest in enrolling your child at Grey Street Primary School.

Our school was established in 1912 and has strong ties with the local community, reflected in our motto – Working Together. Our values are centred around respect for self, others, learning and the planet and all our students and teachers understand the importance of incorporating these values into their everyday lives.

We have strong connections within our local school network where we play a key role in developing education across the region and are well known for an outstanding relationship with the extended school and local community.

Our purpose is to empower resilient learners to think critically, actively problem solve, be respectful and positively contribute to their world. We do this by actively promoting student voice and agency, deep learning and by providing an approved curriculum framework differentiated to meet student needs.

To enrich the learning opportunities within our 22 classes we also offer Physical Education, Performing Arts, Kitchen Gardens and Visual Arts. We are proud of our transition processes to ensure a smooth start for your child and have an experienced welfare team to meet any social and emotional needs.

I look forward to getting to know your family and supporting the learning of your child.

Please contact our friendly office staff for more information or to arrange a tour or enrolment meeting.

Kind regards,

Dean Gray  
Principal
